Math Time Controls

Players move the pointer to select the right answer to the mathematical question, with the "FIRE" button you start the game from the title screen with the "RESET" keys you exit the "TIME OVER" and "TRY AGAIN" screens.

All questions players have a time limit to answer, in the upper corner there is a chance bar, when you make a mistake the bar decreases until your chances run out.

Easy Mode

In this mode, the questions are added together by one number each, where players will answer 4 questions in easy mode, players have a time limit of 3 minutes to answer.

Normal Mode

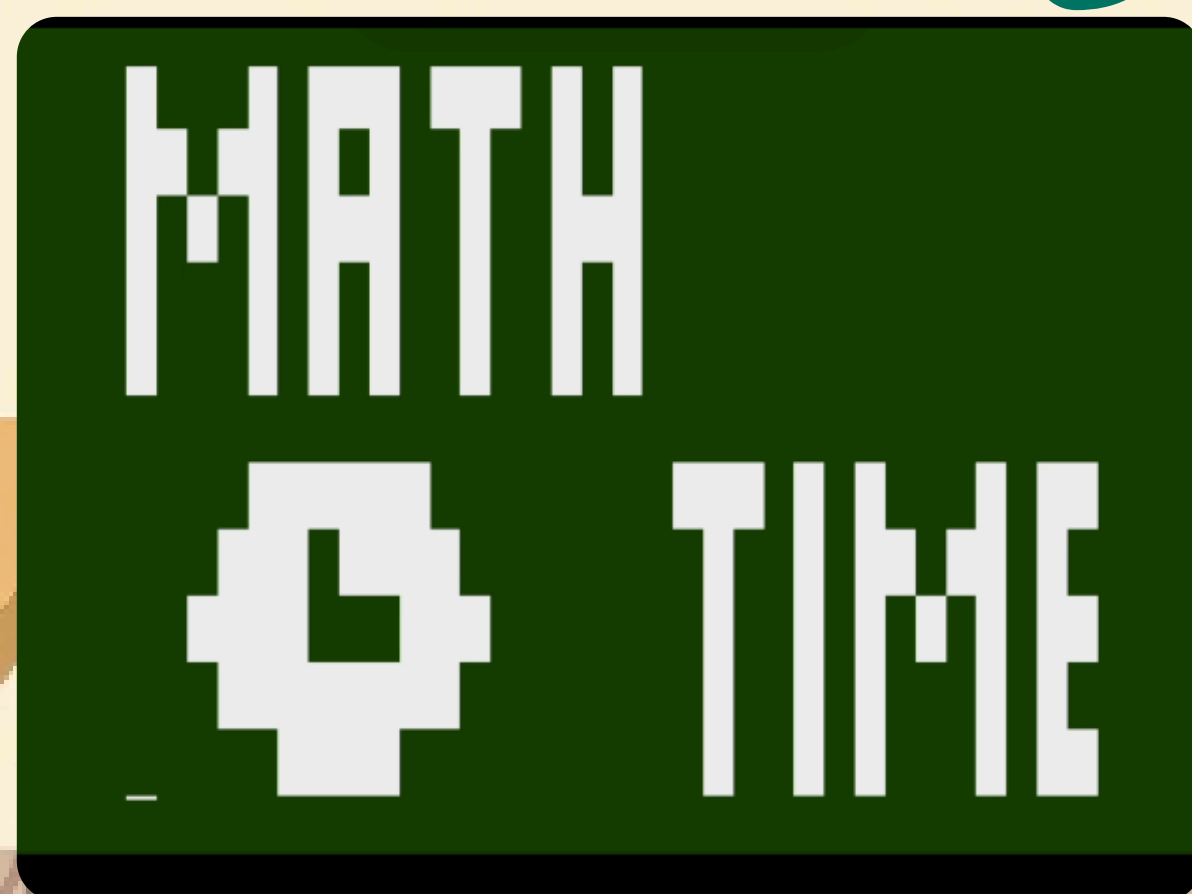

In this mode the questions are summed by two numbers each, where players will answer 4 questions in normal mode, players have a time limit of 2 minutes to answer.

Hard Mode

In this mode the questions are summed by three numbers each, where players will answer 4 questions in hard mode, players have a time limit of 1 minute to answer.

Math Time Objective

The players are in a classroom, where there is a mathematics test, with its difficulties, so the players need to answer the test and get the "CONGRATULATIONS" screen from the teacher and get an A+ grade.
