How to play Star Eater

Menu Controls:

Press number keys on joystick 1 to choose game mode and difficulty. Press BUTTON TWO on joystick 1 to restart after game over.

Game Objective

The fish needs to jump to devour the stars in the sky while avoiding the helicopter and the bombs that are thrown at you. Devour the stars to advance to the next level.

Game controls:

Press LEFT and RIGHT on the joystick to move your fish. Hold BUTTON ONE to charge a jump. Release BUTTON ONE to jump out of the water. Collect stars for points, and avoid enemies/obstacles to stay alive. Each player gets 5 lives per game
