With the Action button on your controller, you shoot when your enemies appear.

With your RESET console keys you exit the game over screen.

Mission History

The Deep Sea Marine Research Company (D.S.M.R) brought together three submarines to research some earthquakes recorded at the mouth of the Mariana Islands, causing the devil fish and other marine creatures to rise to the surface. However, a nearby marine volcano erupted, generating waves that left the scientists trapped in the depths of corals and rocks.
